# i.life B

Crafted in collaboration with Palomba Serafini Associati, i.life B features a contemporary, minimalistic design which is softened by gentle curves and flowing lines. The range has soft, geometric shapes throughout its basins, WCs and bidets, with a wide variety of models and sizes. It allows users to enjoy the graceful design no matter what the requirements of the space are.

## WIDE RANGE

Matching furniture is available in seven modern finishes and with two handle colour options. Also, i.life B can be combined with the wider i.life bathing and showering range and i.life UltraFlat S shower trays. The ceramics range features the **new grey finish**, which creates a perfect match with the Silk Black fittings.
